Financial Responsibility Agreement

The best medical practice is based on well-established communication and understanding between physician, parent and patient.

Our office policy requires payment in full at the time services are rendered. The person who brings the patient to their appointment is responsible for any charges unless other arrangements have been made with the office manager. If after 90 days the consultation is not paid for, there will be an additional $20 charge and it will be sent to a collections agency. **Medi-Cal** insurance benefit is **VOID** if a private (Commercial) insurance coverage is active at the time of service.

Failure to disclose the existence of private insurance benefit will result to billing problems and will hold patient responsible for the services incurred.

I hereby authorize my insurance to render payment to Sacramento Valley Pediatrics for services rendered.

I understand that if I must cancel an appointment, I will cancel it no later than the day before my appointment. I understand there will be a $25.00 fee for no show or same day cancellations due before I can schedule my next appointment.
Initial _____

2 missed appointments without proper cancellation I will be given verbal warning. A 3rd no show will automatically terminate me from SVP services, and I have 30 days to find a new doctor.
